**MARISOL COLETTE, THERAPEUTIC
IMAGE CONSULTANT
SOL REFLECTION, PLLC**

Marisol Colette is a Personal Stylist and Psychotherapist who has married her expertise in fashion and personal identity with her decade-plus long career working and teaching in the field of trauma healing. Marisol engages clients from the heart, helping them refine their image to create life-changing results.

Marisol believes that feeling comfortable and powerful in what you wear leads

to feeling comfortable and powerful in everything you do. In one-on-one and group programs, clients find their authentic personal style through writing, personal sessions, closet transformations and therapeutic shopping outings.

By looking and feeling good, clients gain the courage to shine their inner beauty on the outside, showing up in the world in new and notable ways. Marisol's background as a therapist allows her to bring a level of consciousness that is not incorporated in traditional styling, ultimately helping align your style to your soul.
